## MISSION STATEMENT

Wheelchairs 4 Kids is dedicated to improving the lives of children with physical disabilities.

## ACCOMPLISHMENTS

- ◆ 86% of funding spent on programs
- ◆ Hosted 18 Wheely Fun Days for our Families with 970 total participants
- ◆ Held 3 fundraising events
- ◆ We had 45 pieces of media coverage
- ◆ We have 6,178 Facebook Followers
- ◆ 100% rating on Charity Navigator
- ◆ 100% Family Satisfaction

- ◆ Seal of Transparency and Platinum Status from GuideStar
- ◆ Provided 204 kids with equipment and/or modifications this fiscal year – a 5% increase over last year.
- ◆ Assisted our 1000th Child
- ◆ Brought 18 Wheel Kids to Colorado to do Adaptive Snow Skiing

## ACCOMPLISHMENTS SUMMARY

We are proud to report that Wheelchairs 4 Kids had a very successful 11<sup>th</sup> year. This fiscal year, we provided equipment or modifications to 204 children, a 5% increase over the number of children we assisted last fiscal year. We continue to spend the majority of our funds on our programs, coming in at 86% of our spending, with 8% being dedicated to fundraising and 6% on administration. It is very important to us that our supporters are confident that their donations are being used wisely.

During the 2021-2022 Fiscal Year, Wheelchairs 4 Kids had 45 pieces of media coverage. This includes television, radio, print, and digital coverage.

Wheelchairs 4 Kids expanded our inclusion program, “Wheely Fun Days” and held 18 events for our families with 970 total participants. The highlight of this year’s Wheely Fun Days program was without a doubt our trip to Breckenridge, Colorado. Thanks to a donation of 50 round trip tickets from Southwest Airlines, we were able to bring 18 wheel kids, their parents, and necessary staff to Colorado so that they could experience Adaptive Snow Skiing! This fantastic trip had been a pipe-dream for our Executive Director and it was a amazing overall experience.

While many non-profits were struggling to restart their in-person fundraising events, Wheelchairs 4 Kids was able to continue our tradition of hosting hybrid events that were both safe and successful. We started off our fiscal year in July at Eddie V’s Prime Seafood with our Jail & Bail. This event smashed previous records and set the pace for the remainder of our year. In November we returned to Ruth Eckerd Hall with our Wheely Good Time Live and Silent Auction. January brought us back to Cypress Run Golf Club for our Celebrity Golf Tournament. This event featured a collection of professional athletes, and was capped with an awards dinner that took place in the Club’s dining room. A new fundraiser was also introduced when we were selected by Talk of the Town Restaurant Group to be their benefiting charity for the month of February. This fundraiser included a round-up at each of their restaurants and was capped with a private dinner and auction at Charley’s Steakhouse in Tampa. Despite it being our first year, it was a record-setting event for the Restaurant Group.

The most important statistic, however, is family satisfaction. We are thrilled to report a 100% family satisfaction rating.

## INCLUSION PROGRAM

Our inclusion program, known as “Wheely Fun Days,” brings our kids out for fun, confidence-building events. These Wheely Fun Days are designed to be exclusive and to promote socialization for our Wheel Kids, and are offered at no expense to their families. This year we had 14 Wheely Fun Days, including: our 10th Anniversary party at ZooTampa, a drive through Trike or Treat, and a virtual event with the Bucs Cheerleaders.

The purpose of this program is to give our kids experiences that will help them connect with their peers; unfortunately, disabled children are often left uninvited to peers’ parties, or their accessibility needs

impede them from taking part in activities.

These events give our Wheel Kids a sense of community amongst each other, and also offer conversational ice breakers to use when

talking to their peers. Most importantly, our Wheely Fun Days inclusion program gives our Wheel Kids the opportunity to do what they do best – be kids!

## EQUIPMENT/MODIFICATIONS PROGRAM

Wheelchairs 4 Kids is a 501(c)3 nonprofit organization dedicated to improving the lives of children with physical disabilities. We achieve this mission by providing wheelchairs, home and vehicle modifications, as well as other assistive and therapeutic equipment at no charge to their families.

Our name may be Wheelchairs 4 Kids, but our impact has expanded during our first ten years of service. We have provided custom wheelchairs, widened doorways, customized bathrooms, built ramps, and installed wheelchair lifts on vehicles. We have also provided therapy tricycles, gait trainers, and standers and other therapeutic equipment to help children reach their full potential.

Many children living with physical disabilities are using wheelchairs and other equipment that no longer fits

them, no longer matches their needs, or is in poor condition. Not only is it unsafe for a child to use this equipment, but continuing to use the equipment could have a negative impact on their overall health. Medical conditions caused by using unsuitable equipment include scoliosis, respiratory problems, and pressure sores.

Additionally, families are often left caring for their disabled child in homes that are not modified to fit their needs and with vehicles that are unable to transport their necessary medical equipment. We have modified bathrooms to accommodate the child’s needs by installing roll-in showers, built ramps so that children in mobility equipment can easily and independently access their homes, and installed lifts on vehicles so that families can transport their child’s equipment safely.

## SOME INTERESTING FACTS

- ◆ Medicaid generally only replaces a wheelchair or mobility device every five years.
- ◆ Medicaid may pay for the basic equipment, but doesn’t always include accessories that optimize its effectiveness.
- ◆ Insurance rarely covers necessary vehicle or home modifications necessary to fully accommodate a disabled child.
- ◆ There are many organizations that provide medical equipment to other countries, but very few in the United States that assist its citizens with everyday needs.
